

## Terms & Conditions

### Individual Seating:

**Cancellations:** Seats canceled 30 days prior to scheduled departure date, a full refund will be given. Seats canceled within 30 days, up to 24 hours before your scheduled departure date, \$500 per seat will be forfeited. Cancellations within 24 hours of flight or no-shows will be charged the full price, plus applicable tax.

**Early Returns & Fly-Ins:** Prior to participating in this activity, it is important to review our skier-ability guidelines and assess your ability & fitness level to ensure a successful day. Those who do not complete the full day regardless of circumstances will be charged the full price of the day in addition to the cost of a "Fly-In." The Fly-in costs are dependent on location and are \$300+ per person.

**Fight Delays:** On days we experience departure delays, you are required to be available to fill your seat until 12 pm. On shortened days, you will only be charged for the number of flights actually taken. Should we need to cancel for any reason, you will have the option to move to any future available day or request a refund.

**Weight Policy:** Mountainous flying requires precise, weight and balance calculations. When making your reservation, you must provide accurate weights of every individual participating in your experience. On the day of flight, each participant will be weighed. Individuals with weights that differ significantly from the weight given at the time of reservation may be declined participation yet still be held responsible for the price of the seat.

In some circumstances, the total weight of a group may preclude group members from flying together in the same load. Although every member of your group may not fly together, we will make every effort to allow you to ski together.

We often pair heavy skiers with lighter individuals to optimize the total load weight in the helicopter. Upon booking, groups comprised of several large individuals and/or individuals over 230 pounds may not be able to be appropriately paired and may be required to pay for all or a portion of an additional seat.

**Please contact our sales team for any questions you may have regarding our Terms and Conditions.**

## Private Group:

**Cancellations:** Reservations canceled 30 days prior to scheduled departure date, a full refund will be given. Reservations canceled within 30 days up to 7 days before your scheduled departure date, \$3,000 deposit will be forfeited. Cancellations within 7 days of flight or no-shows will be charged the per load minimum plus applicable tax.

**Billing:** Private Groups are charged a minimum of 1.0 hour helicopter flight time per load / per day. You will be responsible for the helicopter time used by or on behalf of your group.

**Early Returns & Fly-Ins:** Prior to participating in this activity, it is important to review our skier-ability guidelines and assess your ability and fitness level to ensure a successful day. If any member of your group cannot complete the full day regardless of circumstances the helicopter time used for Fly-Ins can be applied towards the minimum.

**Fight Delays:** On held days we experience departure delays, you are responsible for your reservation until 12 pm. On shortened days, you will be charged for the flight time used. Should we decide to cancel for any reason you will have the option to move to any future available day or request a refund.

**Weight Policy:** Mountainous flying requires precise, weight and balance calculations. In some circumstances such as groups comprised of several large individuals and/or individuals over 230 pounds, the total weight of a group may preclude group members from flying in a single load.

When making your reservation, you must provide accurate weights of each individual. On the day of flight, each participant will be weighed. If participants change or have weights that differ significantly from the weight given at the time of reservation it may preclude group members from flying in a single load.

If we are unable to accommodate the total weight of your group in appropriate loads you may have to alter your participants. If we can split your group into additional loads your flight time may increase, however, the minimum will remain the same.
